Project Narrative

When the Craft Automotive Group acquired a Hyundai franchise, they needed a new facility. Glass & Associates, Inc. managed the entire project from preparation of the civil/site plan through design, construction documents, and construction.

We met with Hyundai's Design Intent Document group and the owner to ensure the facility complied with Hyundai's newly created small market prototype program for dealerships.

Site preparation also included demolition of an existing 10,000 sq ft restaurant and all associated utilities.
